

Evalyn Gates

Cleveland Museum of Natural History
1 Wade Oval
Cleveland, OH 44106
(216)231-4600 ext 3230
email: egates@cmnh.org

Education

1990	Ph.D. in Theoretical High Energy Physics	Case Western Reserve University
1981	B.S. in Biomedical Engineering	Case Western Reserve University
1980	B.S. in Physics	The College of William and Mary

Professional History

2010-present	Executive Director and CEO Cleveland Museum of Natural History Cleveland, OH
2008-2010	Assistant Director Kavli Institute for Cosmological Physics, The University of Chicago Chicago, IL
1999-2010	Senior Research Associate Dept. of Astronomy & Astrophysics, The University of Chicago Chicago, IL
2001-2003	Vice President for Science & Education Adler Planetarium & Astronomy Museum Chicago, IL
1996-2001	Director of Astronomy Adler Planetarium & Astronomy Museum Chicago, IL
1996-1999	Research Scientist Dept. of Astronomy & Astrophysics, The University of Chicago Chicago, IL
1995-1996	Guest Scientist Theoretical Astrophysics Group Fermi National Accelerator Lab
1992-1996	Research Associate Enrico Fermi Institute, University of Chicago Chicago, IL
1990-1992	Associate Research Scientist Yale University New Haven, CT

- | | |
|-----------|---|
| 1984-1990 | Research Assistant/Teaching Assistant
Case Western Reserve University
Cleveland, OH |
| 1981-1983 | Research Engineer
Orthopaedic Research Lab, Massachusetts General Hospital
Boston, MA |

Additional Activities

- SEGUE Collaboration Member
Sloan Digital Sky Survey (SDSS-II)
- Women in Science Project
Organizing Committee
Collaboration between the Center for Gender Studies, a committee of women faculty from the Biological, Physical, and Social Sciences Divisions, and the Provost's office.
- Women in the Physical Sciences Committee
University of Chicago
- Chair
Why So Few Women in Science?: Defining the Problem and Taking Action
Special symposium held at the University of Chicago, May 2005
- Co-Chair
COSMO-02 International Workshop on Particle Physics and the Early Universe
September 2002
- Co-Chair
Pritzker Symposium on Inflationary Cosmology
January 1999
- High Energy Physics Advisory Panel, Quantum Universe Committee – drafted report to outline the key questions facing particle physics in the coming century and summarize current and future efforts to address these questions (2003-2004).
- Authored Opinion article "A Scientific Point of View," *Physics Today*, April 2006. See also response to letters *Physics Today*, December 2006.
- Authored Op-ed article in response to remarks of Harvard President Larry Summers, Chicago Tribune, January 25, 2005.
- Organized a workshop session on Education and Outreach at TAUP 2003, an international conference on Topics in Astroparticle and Underground Physics.
- Board member of the Teachers Academy for Mathematics and Science, a Chicago-based non-profit organization dedicated to improving math and science teaching in lower and middle schools (2000 - 2003).
- Faculty member of two Chautauqua Short Courses on Cosmology for College Teachers hosted by the University of Chicago; presented lectures on Dark Matter (1999, 2001).

- Project Director for three major exhibit galleries developed at Adler. Responsible for all scientific content and text; worked with design firms to create engaging, hands-on exhibits.

Gateway to the Universe highlights basic concepts of light, gravity, motion and energy.

Stars and Our Milky Way Galaxy explores stellar evolution and Galactic structure; funded in part by a grant from the NSF.

The Pritzker Cosmology Gallery: From the Night Sky to the Big Bang presents our model of the Universe from 1000 years ago to the present, and the key ideas or observations that radically changed this model at various points in history.

Books

- *Einstein's Telescope: The Hunt for Dark Matter and Dark Energy in the Universe*, W. W. Norton (2009).
